

PRODUCT-DETAILS

## **EF65-70** EF65-70 Electronic Overload Relay 25 ... 70 A

Extended Product Type	EF65-70
Product ID	1SAX331001R1101
EAN	4013614442254
Catalog Description	EF65-70 Electronic Overload Relay 25 70 A
Long Description	The EF65 is an self-supplied electronic overload relay, which means no extra externa supply is needed. It offers reliable and fast protection for motors in the event of overload or phase failure. Easy to use like a thermal overload relay and compatible with standard motor applications, the electronic overload relay is convincing, above all, due to its wide setting range, high accuracy, high operational temperature range and the possibility to select a trip class (10E, 20E, 30E). Further features are the temperature compensation, trip contact (NC), signal contact (NO), automatic- or manual reset selectable, trip-free mechanism, STOP- and Test function and a trip indication. The overload relays are connected directly to the contactors. Single mounting kits are available as accessory. The EF65, EF96 and EF146have ATEX and IECEx certification 1 1) ATEX is valid for products produced from week 42, 2014 IECEx is valid for products produced from week 15, 2017
