## 3VA2712-6AB13-0AA0

fixed-mounted molded case circuit breaker w. handle frame 1600; 4AUX and trip alarm switch S24; Icu "H" Icu=85kA @ 415V, 4-pole, left ETU320, LI, In=1250A rotary coding switch Ir=500...1250A Ii=1.5...15 x In N conductor protec. adjustable OFF, 50%, 100%, 200% nut keeper kit No communication connection, no measurement function Without additional alarm switch assembly With mechanical calling without 2nd auxiliary release without 1st auxiliary release

product brand name SENTRON   product designation Molded case circuit breaker   design of the product MCCB		
F		
design of the product MCCB		
design of the actuating element toggel handle actuator		
type of the driving mechanism manual operating mechanism		
type of the driving mechanism / motor drive No		
design of the overcurrent release ETU320		
General technical data		
number of poles 4		
size of the circuit-breaker 1600 A		
mechanical service life (operating cycles) / typical 1 000		
circuit-breaker / Design 3VA2		
Voltage		
insulation voltage / rated value 1 000 V		
operating voltage / at AC / at 50/60 Hz / rated value 690 V		
protection class IP IP20		
protection class IP / on the front IP20		
protection function of the overcurrent release		
power loss [W] / for rated value of the current / at AC / in hot operating state / per pole 47 W		
operating etater per pere		
Auxiliary circuit		
Auxiliary circuit		
Auxiliary circuit   number of CO contacts / for auxiliary contacts   4		
Auxiliary circuit   number of CO contacts / for auxiliary contacts   4   Suitability		
Auxiliary circuit     number of CO contacts / for auxiliary contacts   4     Suitability   suitability for use     suitability for use   system protection		
Auxiliary circuit     number of CO contacts / for auxiliary contacts   4     Suitability     suitability for use   system protection     Adjustable parameters     adjustable current response value current / of the current-   500 A		
Auxiliary circuit     number of CO contacts / for auxiliary contacts   4     Suitability     suitability for use   system protection     Adjustable parameters     adjustable current response value current / of the current- dependent overload release / initial value   500 A		
Auxiliary circuit     number of CO contacts / for auxiliary contacts   4     Suitability   4     suitability for use   system protection     Adjustable parameters   adjustable current response value current / of the current- dependent overload release / initial value   500 A     product component   500 A		
Auxiliary circuit     number of CO contacts / for auxiliary contacts   4     Suitability   suitability     suitability for use   system protection     Adjustable parameters   adjustable current response value current / of the current- dependent overload release / initial value   500 A     product component   • trip indicator   Yes		
Auxiliary circuit     number of CO contacts / for auxiliary contacts   4     Suitability     suitability for use   system protection     Adjustable parameters     adjustable current response value current / of the current- dependent overload release / initial value   500 A     product component   • trip indicator   Yes     • voltage trigger   No		
Auxiliary circuit     number of CO contacts / for auxiliary contacts   4     Suitability   suitability     suitability for use   system protection     Adjustable parameters   adjustable current response value current / of the current- dependent overload release / initial value   500 A     product component		
Auxiliary circuit     number of CO contacts / for auxiliary contacts   4     Suitability   suitability     suitability for use   system protection     Adjustable parameters   adjustable current response value current / of the current- dependent overload release / initial value   500 A     product component   • trip indicator   Yes     • voltage trigger   No     • undervoltage release   No     product extension / optional / motor drive   No		
Auxiliary circuit     number of CO contacts / for auxiliary contacts   4     Suitability   suitability     suitability for use   system protection     Adjustable parameters   adjustable current response value current / of the current- dependent overload release / initial value     product component   500 A     • trip indicator   Yes     • voltage trigger   No     • undervoltage release   No     product extension / optional / motor drive   No     Product function   -     • grounding protection   No		
Auxiliary circuit     number of CO contacts / for auxiliary contacts   4     Suitability   suitability     suitability for use   system protection     Adjustable parameters   adjustable current response value current / of the current- dependent overload release / initial value     product component   500 A     • trip indicator   Yes     • voltage trigger   No     • undervoltage release   No     product extension / optional / motor drive   No     Product function   Product function		
Auxiliary circuit     number of CO contacts / for auxiliary contacts   4     Suitability   suitability     suitability for use   system protection     Adjustable parameters   adjustable parameters     adjustable current response value current / of the current- dependent overload release / initial value   500 A     product component   500 A     • trip indicator   Yes     • voltage trigger   No     • undervoltage release   No     product function   No     product function   No     product function   No     orgrounding protection   No     Display and operation   Vithout display		
Auxiliary circuit     number of CO contacts / for auxiliary contacts   4     Suitability   suitability     suitability for use   system protection     Adjustable parameters   adjustable parameters     adjustable current response value current / of the current- dependent overload release / initial value   500 A     product component   500 A     • trip indicator   Yes     • voltage trigger   No     • undervoltage release   No     product extension / optional / motor drive   No     Product function   oproduct function     • grounding protection   No     Display and operation   No		
Auxiliary circuit     number of CO contacts / for auxiliary contacts   4     Suitability   suitability     suitability for use   system protection     Adjustable parameters   adjustable parameters     adjustable current response value current / of the current- dependent overload release / initial value   500 A     product component   500 A     • trip indicator   Yes     • voltage trigger   No     • undervoltage release   No     product function   No     product function   No     product function   No     orgrounding protection   No     Display and operation   Vithout display		
Auxiliary circuit     number of CO contacts / for auxiliary contacts   4     Suitability   suitability     suitability for use   system protection     Adjustable parameters   adjustable current response value current / of the current- dependent overload release / initial value     product component   500 A     • trip indicator   Yes     • voltage trigger   No     • undervoltage release   No     product function   No     product function   No     or grounding protection   No     Display and operation   Without display     display version   Without display		
Auxiliary circuit     number of CO contacts / for auxiliary contacts   4     Suitability   suitability     suitability for use   system protection     Adjustable parameters   adjustable current response value current / of the current- dependent overload release / initial value     product component   500 A     • trip indicator   Yes     • voltage trigger   No     • undervoltage release   No     product extension / optional / motor drive   No     Product function   ogrounding protection     • grounding protection   No     Display and operation   Without display     Short circuit   operating short-circuit current breaking capacity (lcs)		
Axxiliary circuit     number of CO contacts / for auxiliary contacts   4     Suitability   suitability     suitability or use   system protection     Adjustable parameters   adjustable current response value current / of the current- dependent overload release / initial value     product component   500 A     • trip indicator   Yes     • voltage trigger   No     • undervoltage release   No     product extension / optional / motor drive   No     Product function   ogrounding protection     • grounding protection   No     Display and operation   Without display     display version   Without display     Short circuit   operating short-circuit current breaking capacity (lcs)     • at 415 V / rated value   85 kA		
Axxiliary circuit     number of CO contacts / for auxiliary contacts   4     Suitability     suitability     suitability for use   system protection     Adjustable parameters     adjustable current response value current / of the current- dependent overload release / initial value   500 A     product component   500 A     • trip indicator   Yes     • voltage release   No     product extension / optional / motor drive   No     Product function   No     • grounding protection   No     Display and operation   Without display     display version   Without display     Short circuit   operating short-circuit current breaking capacity (lcs)     • at 415 V / rated value   85 kA     • at 500 V / rated value   55 kA		
Auxiliary circuit     number of CO contacts / for auxiliary contacts   4     Suitability     suitability     suitability for use   system protection     Adjustable parameters     adjustable current response value current / of the current- dependent overload release / initial value   500 A     product component   500 A     • trip indicator   Yes     • voltage trigger   No     • undervoltage release   No     product stension / optional / motor drive   No     Product function   e grounding protection     • grounding protection   No     Display and operation   Without display     Short circuit   95 kA     • at 415 V / rated value   85 kA     • at 500 V / rated value   55 kA     • at 690 V / rated value   36 kA		
Auxiliary circuit     number of CO contacts / for auxiliary contacts   4     Suitability     suitability     suitability for use   system protection     Adjustable parameters     adjustable current response value current / of the current- dependent overload release / initial value   500 A     product component   500 A     • trip indicator   Yes     • voltage trigger   No     • undervoltage release   No     product extension / optional / motor drive   No     Product function   operation     • grounding protection   No     Display and operation   Without display     display version   Without display     Short circuit   95 kA     • at 150 V / rated value   85 kA     • at 690 V / rated value   36 kA     maximum short-circuit current breaking capacity (Icu)   36 kA		

• at 690 V / rated value	36 kA	
Connections		
arrangement of electrical connectors / for main current circuit	Main connection on front side	
type of electrical connection / for main current circuit	busbar connection	
Mechanical Design		
height	296 mm	
width	280 mm	
depth	183 mm	
fastening method	fixed mounting	
net weight	16 kg	
Environmental conditions		
ambient temperature / during operation		
• minimum	-25 °C	
• maximum	70 °C	
ambient temperature / during storage		
• minimum	-40 °C	
• maximum	70 °C
