## 3VA2716-6AB13-0AA0

fixed-mounted molded case circuit breaker w. handle frame 1600; 4AUX and trip alarm switch S24; Icu "H" Icu=85kA @ 415V, 4-pole, left ETU320, LI, In=1600A rotary coding switch Ir=640...1600A Ii=1.5...15 x In N conductor protec. adjustable OFF, 50%, 100%, 200% nut keeper kit No communication connection, no measurement function Without additional alarm switch assembly With mechanical calling without 2nd auxiliary release without 1st auxiliary release

Model	
product brand name	SENTRON
product designation	Molded case circuit breaker
design of the product	MCCB
design of the actuating element	toggel handle actuator
type of the driving mechanism	manual operating mechanism
type of the driving mechanism / motor drive	No
design of the overcurrent release	ETU320
General technical data	
number of poles	4
size of the circuit-breaker	1600 A
mechanical service life (operating cycles) / typical	1 000
circuit-breaker / Design	3VA2
Voltage	
insulation voltage / rated value	1 000 V
operating voltage / at AC / at 50/60 Hz / rated value	690 V
protection class IP	IP20
<ul> <li>protection class IP / on the front</li> </ul>	IP20
<ul> <li>protection function of the overcurrent release</li> </ul>	LI
power loss [W] / for rated value of the current / at AC / in hot operating state / per pole	77 W
Auxiliary circuit	
number of CO contacts / for auxiliary contacts	4
Suitability	
ouncomity	
suitability for use	system protection
	system protection
suitability for use	system protection 640 A
suitability for use Adjustable parameters adjustable current response value current / of the current-	
suitability for use Adjustable parameters adjustable current response value current / of the current- dependent overload release / initial value	
suitability for use Adjustable parameters adjustable current response value current / of the current- dependent overload release / initial value product component	640 A
suitability for use Adjustable parameters adjustable current response value current / of the current- dependent overload release / initial value product component • trip indicator	640 A Yes
suitability for use Adjustable parameters adjustable current response value current / of the current- dependent overload release / initial value product component • trip indicator • voltage trigger	640 A Yes No
suitability for use Adjustable parameters adjustable current response value current / of the current- dependent overload release / initial value product component • trip indicator • voltage trigger • undervoltage release	640 A Yes No No
suitability for use Adjustable parameters adjustable current response value current / of the current- dependent overload release / initial value product component • trip indicator • voltage trigger • undervoltage release product extension / optional / motor drive	640 A Yes No No
suitability for use Adjustable parameters adjustable current response value current / of the current- dependent overload release / initial value product component  • trip indicator • voltage trigger • undervoltage release product extension / optional / motor drive Product function	640 A Yes No No
suitability for use Adjustable parameters adjustable current response value current / of the current- dependent overload release / initial value product component • trip indicator • voltage trigger • undervoltage release product extension / optional / motor drive Product function product function	640 A Yes No No No
suitability for use Adjustable parameters adjustable current response value current / of the current- dependent overload release / initial value product component • trip indicator • voltage trigger • undervoltage release product extension / optional / motor drive Product function product function • grounding protection	640 A Yes No No No
suitability for use Adjustable parameters adjustable current response value current / of the current- dependent overload release / initial value product component • trip indicator • voltage trigger • undervoltage release product extension / optional / motor drive Product function product function • grounding protection Display and operation	640 A Yes No No No No
suitability for use Adjustable parameters adjustable current response value current / of the current- dependent overload release / initial value product component • trip indicator • voltage trigger • undervoltage release product extension / optional / motor drive Product function product function • grounding protection Display and operation display version	640 A Yes No No No No
suitability for use Adjustable parameters adjustable current response value current / of the current- dependent overload release / initial value product component • trip indicator • voltage trigger • undervoltage release product extension / optional / motor drive Product function product function • grounding protection Display and operation display version Short circuit	640 A Yes No No No No
suitability for use Adjustable parameters adjustable current response value current / of the current- dependent overload release / initial value product component  • trip indicator • voltage trigger • undervoltage release product extension / optional / motor drive Product function product function • grounding protection Display and operation display version Short circuit operating short-circuit current breaking capacity (lcs)	640 A Yes No No No No Without display
suitability for use Adjustable parameters adjustable current response value current / of the current- dependent overload release / initial value product component • trip indicator • voltage trigger • undervoltage release product extension / optional / motor drive Product function product function • grounding protection Display and operation display version Short circuit operating short-circuit current breaking capacity (lcs) • at 415 V / rated value	640 A Yes No No No No Without display 85 kA
suitability for use Adjustable parameters adjustable current response value current / of the current- dependent overload release / initial value product component • trip indicator • voltage trigger • undervoltage release product extension / optional / motor drive Product function product function • grounding protection Display and operation display version Short circuit operating short-circuit current breaking capacity (lcs) • at 415 V / rated value • at 500 V / rated value	640 A Yes No No No No Without display 85 kA 55 kA
suitability for use Adjustable parameters adjustable current response value current / of the current- dependent overload release / initial value product component • trip indicator • voltage trigger • undervoltage release product extension / optional / motor drive Product function product function • grounding protection Display and operation display version Short circuit operating short-circuit current breaking capacity (lcs) • at 415 V / rated value • at 690 V / rated value	640 A Yes No No No No Without display 85 kA 55 kA
suitability for use Adjustable parameters adjustable current response value current / of the current- dependent overload release / initial value product component  • trip indicator • voltage trigger • undervoltage release product extension / optional / motor drive Product function product function • grounding protection Display and operation display version Short circuit operating short-circuit current breaking capacity (lcs) • at 415 V / rated value • at 690 V / rated value maximum short-circuit current breaking capacity (lcu)	640 A         Yes         No         No         No         No         Without display         85 kA         55 kA         36 kA
suitability for use Adjustable parameters adjustable current response value current / of the current- dependent overload release / initial value product component • trip indicator • voltage trigger • undervoltage release product extension / optional / motor drive Product function product function • grounding protection Display and operation display version Short circuit operating short-circuit current breaking capacity (lcs) • at 415 V / rated value • at 690 V / rated value maximum short-circuit current breaking capacity (lcu) • at 415 V / rated value	640 A         Yes         No         No         No         No         Without display         85 kA         55 kA         36 kA         85 kA

• at 690 V / rated value	36 kA
Connections	
arrangement of electrical connectors / for main current circuit	Main connection on front side
type of electrical connection / for main current circuit	busbar connection
Mechanical Design	
height	296 mm
width	280 mm
depth	183 mm
fastening method	fixed mounting
net weight	16 kg
Environmental conditions	
ambient temperature / during operation	
• minimum	-25 °C
• maximum	70 °C
ambient temperature / during storage	
• minimum	-40 °C
• maximum	70 °C
