## 6ED1055-1HB00-0BA2

**Data sheet** 

LOGO! DM8 24R expansion module, PS/I/O: 24V/24V/relay, 2 MW 4 DI/4 DO, AC/DC/NPN input for LOGO! 8

| Installation type/mounting   |   |  |
|--|---|--|
| Mounting   | on 35 mm DIN rail, 2 spacing units wide |  |
| Supply voltage   |   |  |
| Rated value (DC)   |   |  |
| • 24 V DC  | Yes                                     |  |
| permissible range, lower limit (DC)                                      | 20.4 V                                  |  |
| permissible range, upper limit (DC)                                      | 28.8 V                                  |  |
| Rated value (AC)   |   |  |
| • 24 V AC  | Yes                                     |  |
| Line frequency   |   |  |
| <ul> <li>permissible range, lower limit</li> </ul>                       | 47 Hz                                   |  |
| <ul> <li>permissible range, upper limit</li> </ul>                       | 63 Hz                                   |  |
| Digital inputs   |   |  |
| Number of digital inputs   | 4                                       |  |
| Input voltage  |   |  |
| <ul> <li>Type of input voltage</li> </ul>                                | AC/DC                                   |  |
| • for signal "0"   | < 5 V AC/DC                             |  |
| ● for signal "1"   | > 12 V AC/DC                            |  |
| Input current  |   |  |
| <ul> <li>for signal "0", max. (permissible quiescent current)</li> </ul> | 1.1 mA                                  |  |
| ● for signal "1", typ.   | 2.63 mA                                 |  |
| Input delay (for rated value of input voltage)                           |   |  |
| for standard inputs  |   |  |
| — at "0" to "1", max.  | 1.5 ms                                  |  |
| — at "1" to "0", max.  | 15 ms                                   |  |
| Digital outputs  |   |  |
| Number of digital outputs  | 4; Relays                               |  |
| Short-circuit protection   | No                                      |  |
| Controlling a digital input  | Yes                                     |  |
| Switching capacity of the outputs  |   |  |
| on lamp load, max.   | 1 000 W                                 |  |
| Output current   |   |  |
| ● for signal "1" rated value   | 5 A                                     |  |
| for signal "1" minimum load current                                      | 100 mA                                  |  |
| Parallel switching of two outputs  |   |  |
| for uprating   | No                                      |  |
| Switching frequency  |   |  |
| <ul> <li>with resistive load, max.</li> </ul>                            | 2 Hz                                    |  |
| <ul><li>with inductive load, max.</li></ul>                              | 0.5 Hz                                  |  |
| <ul><li>mechanical, max.</li></ul>                                       | 10 Hz                                   |  |

| Relay outputs                                    |                               |
|--|-------------------------------|
| Switching capacity of contacts                   |                               |
| — with inductive load, max.                      | 3 A                           |
| — with resistive load, max.                      | 5 A                           |
| EMC  |                               |
| Emission of radio interference acc. to EN 55 011 |                               |
| • Limit class B, for use in residential areas    | Yes                           |
| Degree and class of protection                   |                               |
| IP degree of protection                          | IP20                          |
| Standards, approvals, certificates               |                               |
| CE mark  | Yes                           |
| CSA approval                                     | Yes                           |
| UL approval                                      | Yes                           |
| FM approval                                      | Yes                           |
| developed in accordance with IEC 61131           | Yes                           |
| according to VDE 0631                            | Yes                           |
| Marine approval                                  | Yes                           |
| Ambient conditions                               |                               |
| Ambient temperature during operation             |                               |
| • min.   | 0 °C; ES03 and higher: -20 °C |
| • max.   | 55 °C                         |
| Dimensions                                       |                               |
| Width  | 35.5 mm                       |
| Height   | 90 mm                         |
| Depth  | 58 mm                         |
